Choosing the University of Mannheim Business School was an obvious choice for me! With a stellar reputation as one of the top business school worldwide and great study conditions, there was no reason to say no to this school! I have made many new international friends. In Mannheim, I watched my first ever ice-hockey game, explored the gorgeous German Christmas Markets and toured the neighbouring Alsace with the school. Did I also say that the baroque palace is so pretty?

## **Experience the life of an exchange student here at the renowned Mannheim Business School!**

The Baroque Palace, the heart of our campus, offers a unique learning atmosphere for 12,000 students. The University of Mannheim was founded in 1907 and is located in the center of Mannheim. Apart from being an attractive business location, the city also ensures a high quality of life through its diverse cultural offerings, short distances, good public transport and a beautiful countryside in all directions.

Studying abroad for my Master's at the University of Mannheim was the best decision of my academic life. The best business school in Germany enabled me to grow my network and connections with faculty and students within the university and community. Being centrally located in Europe, living in Mannheim allowed me to travel to eight different countries, for instance taking the train to visit my friends in Milano.

## Innovations from Mannheim have changed the world – a progressive spirit which is typical for the region.

1817: Karl Drais invents the first bicycle in Mannheim

1886: Carl Benz invents the first car vehicle in Mannheim

Like the whole Rhine-Neckar Region, the University of Mannheim sparks entrepreneurial ideas. Consequently, we support countless student initiatives, maintain various research labs and offer meaningful business education for every stage in a person's life. Always delivering teaching on the highest possible level and preparing students for a successful career – no matter what they would like to achieve.

Having learnt German since the age of 11 years old, it had always been my dream to live in Germany at some point in time. I am so grateful to have been able to make this childhood dream of mine come true. My time in Mannheim was truly life-changing. From the friends I made to the experiences I had, I will forever be grateful to have embarked on my semester abroad at the University of Mannheim.

### We look forward to getting to know you!
