ACADEMIC CALENDAR:

The academic year is divided into 5 blocks of 6-8 weeks. Exchange students can participate per block or combine consecutive blocks.

Fall term: September – December:

- Block 1 (early Sept - end Oct)
- Block 2 (end Oct – mid-Dec)

Spring term: Early February – June:

- Block 3 (early Feb-mid-March)
- Block 4 (end March-early May)
- Block 5 (mid-May – end June)

In general, exams are scheduled at the end or, the week after each block of classes. Re-sits, however, take place in early January (block 1), mid-March (block 2), early May (block 3), end of June (block 4), end of July (block 5)

LEARNING EXPECTATIONS:

Teaching Language	English
Duration	Students can participate in either 1 or both blocks in the fall term and 1, 2 or 3 blocks in the spring term. A full year exchange includes blocks 1 – 4 or 5. Students are expected to complete their entire exchange programme at RSM including final exams. Neither exemptions nor special arrangements with teaching staff can be made to schedule exams or re-sits on other dates, times, or places.
Introduction	At the start of each full-term programme, introduction activities are being organized. Exchange students are strongly recommended to participate in order not to miss out important programme information and it is THE day to meet all fellow students.
Workload	Courses are valued with European Credits (EC, formerly ECTS). At RSM, 1 EC represents 28 student working hours which include in-class hours, self-study, group work, reading/writing papers, exam preparation. <u>Fall term:</u> The minimum workload for the full term is 20 EC (Block I & II). Because of the demanding and intensive character of master core courses, the recommended maximum workload is 24 EC. <u>Spring term:</u> The minimum workload in electives for the full term is 18 EC (Block 3 & 4 or 20 EC (Block 3, 4 & 5). The maximum workload is 18 EC for one block. The recommended maximum workload for the full term including all three blocks is 24 EC. <u>Full year:</u> Students staying for the full year (Block 1 till 4 or 5) need to obtain a minimum of 40 EC. <u>Short term:</u> Students staying for one block only, need to obtain the minimum workload of 12 EC.
Examinations	Assessments are based on written or take-home exams, progress reports, in-class presentations, group performance and essays. Within some Master programmes there are some courses that are evidence-based knowledge courses where students obtain a pass or fail, instead of a numeric grade. This is mentioned in course information that is shared with the students.

Grading	The Dutch grading system uses grades 1 to 10, with 1 being the lowest and 10 the highest. Grades are generally rounded to 1 decimal place. Grades with a 0.4 or lower will be rounded down, and grades with a 0.5 or more will be rounded up. Transcripts from students in our exchange programmes will show grades to 1 decimal place. See also: RSM grading scale
Class profile	The master programmes are pre-experience programmes, average age of students is 22-25 years. Most students have some relevant working through internships, part-time management jobs, business projects or start-ups.

CURRICULUM:

Courses at RSM	Courses of the following specialized Master Programmes are open to exchange students: Accounting and Financial Management, Business Information Management, Finance & Investments, Global Business & Sustainability, People, Organisations & Change, Management of Innovation, Marketing Management, Supply Chain Management, Strategic Entrepreneurship and Strategic Management. Students can participate in a combination of courses from different master programmes if timetables do not collapse. An exception is the People, Organisations & Change master programme. If students want to participate in courses from this master programme in the fall term, they are required to take all the courses in both blocks. In the Finance & Investments master programme, there are some courses that need to be taken in both blocks in the fall term as well. Students are informed about this in course information that is shared with them. For course information, please see: Course Catalogue . <i>Note: MBA students from our MSc partner schools cannot enroll in MBA courses.</i> The MBA exchange programme maintains its own network of partner schools.
Course registration	There are several registration rounds to register for courses. Students will be instructed about 1 week prior to such an registration round.
International Consultancy Project	The cornerstone of the Master Exchange Programme is the International Consultancy Project (ICP). The ICP has a workload of 12.5 EC. In a team of 4/5 international students, all with different backgrounds, competences and skills, students work intensively on a consultancy project for 4 months. Both coaches from the university and company supervise the project and the aim is to respond professionally to a real-world management problem and to learn from working in multidisciplinary and culturally diverse groups. Open to full term exchange students only. Because of its' professional and intensive character, students are strongly advised not to take more than one course per block parallel to the ICP.
