### Course Registration

Schedule	Fall Semester			Spring Semester		
	BBA	MS	MBA	BBA	MS	MBA
<b>Pre-Registration of Preferred Course</b>	Early August	N/A	N/A	Early February	N/A	N/A
<b>Course Registration</b>	Mid-August	Mid-August	End of August	Mid-February	Mid-February	Mid-February
<b>Add/Drop Period</b>	Early September	Early September	First week of first module	Early March	Early March	First week of first module
<b>Withdrawal Period</b>	End of September	N/A	N/A	End of March	N/A	N/A

▪ Students will be notified via email about the instructions for course registration in mid-July (for Fall semester) and mid-January (for Spring semester). Students should do the following steps after receiving the email.

- Step 1. Read the course registration instructions very carefully.
- Step 2. Make a preferred course listing during the 'Preferred Course Listing' period.
- Step 3. Check the results.
- Step 4. Apply for courses during the 'Course Registration' period.
- Step 5. Try to add courses during the 'Add/Drop' period.
- Step 6. Drop the courses during the 'Withdrawal' period.

\*\*\* No changes can be made after the Withdrawal period.

\*\*\* 'Preferred Course Listing (Step 2&3)' and 'Withdrawal (Step 6)' are not available to graduate level courses.

\* Pre-Registration of Preferred Course for BBA students allows students to create a stimulated timetable before the official course registration starts. During this period, students can select the courses they prefer up to 19 credits (the maximum credits students can take). Students must check if the college/department is located in Seoul campus and do not have timetable clashes. Basically, the course registration at KUBS is based on a first-come-first-serve system. However, the Pre-Registration of Preferred Courses which has to be done before the official course registration period, adopts a priority-based lottery system. This has been made to help students to pre-register the courses which meet the acceptance rate so that students can focus on high demand courses during the official registration period.

\* At Korea University, every course has limited openings not only for exchange/visiting students but also for regular KU students. For exchange students, the acceptance rate is usually 25% of the total – based on courses taught in English. During the Pre-Registration of Preferred Courses, students can add the courses they are interested in. If the number of exchange/visiting students who have applied a specific course (e.g. WORLD ECONOMY AND BUSINESS) during this period is equal to or below the number of quota available to exchange/visiting students, the course will be automatically registered.

\* Students may refer to the course list from the corresponding semester of the previous year as it will remain similar. However, courses are

subject to change every semester and we cannot guarantee its availability. Students are responsible for making a back-up plan for their course plan.

\* KUBS cannot recommend or find a course for individual students in principle of fairness. It is the student's responsibility to make a backup plan (plan B) when they make their course plan.

\* Detailed information with specific dates and complete instruction will be sent to students prior to the course registration period in July/August for the Fall semester and January/February for the Spring semester, and students are responsible for reading and following the guideline very carefully.

**Important Notice regarding course registration**

\* We are experiencing a high demand for some areas of the courses, especially in Business School, Media and Communication and International Studies. This means students must be aware that it may be very difficult to register for these courses and there will be No Guarantee for their preferred choices. Please be aware that registering for courses from Business School, Media & Communications, International Studies, and Psychology (courses that start with BUSS, JMCO, DISS, PSYC) is extremely difficult.

\* Some practice and lab courses may have a teaching assistant (TA) who teaches in Korean, so please contact the professor in advance to confirm.

\* It is highly recommended that students fulfill the graduation requirements of their home university at their home university as KU's course registration system is based on a first come first serve system and registration is not guaranteed at all.

**KUBS cannot guarantee any courses for exchange students.**

**Therefore, we request students to be very flexible with their course selections and also be ready with a plan B. Students are responsible for checking with the program manager at their home institution regarding the credit transfer in advance as you cannot change the course list after the final revision period.**

**Accommodation**

**On-campus Accommodation** \* On-campus housing is **not** guaranteed so please be prudent before applying if your major concern in choosing a study abroad destination is on-campus accommodation.

**Applying for On-campus Accommodation**

- Exchange students are eligible to apply for on-campus housing (CJ International House).
- Students are required to apply for housing online at <https://dorm.korea.ac.kr> (First come first serve basis)
- Applications past the deadline will not be considered for placement.
- Students who are assigned a room at the on-campus dormitory will be required to take a tuberculosis test (x-ray, blood test, or skin test) dating after July 1st for fall semester and January 1st for spring semester. The certificate must be issued in Korean or English only. The TB test result should be submitted to the dormitory, not to the KUBS.
- Fall Semester: Early June ~ Early July
- Spring Semester: Early December ~ Early January
- You can also find more details and information at <http://gsc.korea.ac.kr> > **Exchange/Visiting Student > Board** or from the below On-campus website. Details will be sent after the application period.

**However, please note that IT IS VERY DIFFICULT FOR KUBS EXCHANGE STUDENTS TO GET A ROOM IN ONE OF THE ON-CAMPUS DORMITORIES due to its assignment priority and limited spaces. Therefore, it is highly recommended for students to find and prepare to stay in off-campus accommodation in case on-campus housing is not provided (which is very likely).**
